

Side Event: Urban Innovations Water Infrastructure	
ORGANIZATION (PARTNER ORGANIZATIONS)	Sherwood Institute, Columbia University Urban Design Program Next City
DATE/TIME	27 July, 1:30 p.m.- 2:30 p.m.
VENUE	Crystal 3
DESCRIPTION	Infrastructure is that critical component of urban design that needs to be addressed to enable healthy and inclusive urban growth. This Side Event aims to contribute a concrete set of recommendations related to resilient urban infrastructure with a particular focus on water, including sanitation, and its crossover with public space as a highly performative system. These innovative and decentralized systems target formal and informal settlements in the developed and developing world alike.
