

## **HABITAT III / Quito**

### **SUPPORTING COMMUNITY-LED HOUSING**

**Side-event: Social Production of Habitat Platform: promoting successful supportive policies for Community-led Habitat around the world**

Thursday October 20<sup>th</sup> / 9.30 am – 10.30 am  
Casa de la Cultura Ecuatoriana Benjamin Carrion, Room R3

The Social Production of Habitat Platform advocates for supportive policies towards community-led housing that are essential for the implementation of the New Urban Agenda; particularly those related to the 'access to land', 'sustainable and affordable finance' and 'technical support'. During the Side Event, representatives from collaborating inhabitant networks and federations will share their views and experiences, expose key policies that forged successful partnerships between national and local governments and local communities, and sign a common statement.

Partners: Habitat International Coalition, Shack/Slum Dwellers International, Co-operative Housing International, Building and Social Housing Foundation, Grounded Solutions Network, Asian Coalition for Housing Rights.
