## **Transformative Actions for Post-Quito Implementation**

When: October 17, 2016, 9:30-10:30 ECT

Where: Room R16

This side event, co-hosted by WRI and ICLEI, will discuss the important role of the New Urban Agenda in creating the sustainable, equal cities of the future. Featuring a discussion of the forthcoming World Resources Report and several case studies of transformative actions on the ground, city decision-makers and thought leaders will connect the dots between identifying good practice solutions for creating more equal cities for all and the pathways to implementation.
